

Interior Design Show Jan 19-22 2023 Toronto

IDS

Presented by

Miele**Metro Toronto
Convention Centre**

The IDS Booth Awards are back!

Bring your best at IDS 2023! A panel of industry experts will be judging the awards on Friday morning, with awards announced later that day – timing to be confirmed. This year's awards will be presented by Astley Gilbert, our Signage Partner.

Booth designs will be judged on the quality of:

- Selection of materials
- Use of design in the booth
- Selection and use of colour
- Lighting
- Presentation of a product or service
- Branding and signage
- Sustainable design

We are also introducing an all new Sustainable Booth Award, which celebrates the booth that has the most consideration for environmental impact. This includes the booth's circularity – the materials used to produce the booth, and the ongoing journey of the materials afterwards.

Exhibitor Kit

The IDS Toronto Exhibitor Kit is now live. The Kit will provide you with essential details regarding order forms & deadlines, booth display regulations, health & safety rules, marketing opportunities and much more. Please review the Exhibitor Kit thoroughly with your team in advance of the show. Some deadlines and advance pricing dates are fast approaching so please review the kit as soon as possible.

Please Note: there are no passwords required to access the Exhibitor Kits for the 2023 show.

There are two Exhibitor Kits: one for the Main Hall and one for the Contract section.

If you are participating in a **Feature Section**, please connect with your curator if you have any questions.
