

IDS Vancouver 2022. Exhibitor Essentials #2

Welcome to Exhibitor Essentials #2. This newsletter series will highlight some of the important details you need to know as an exhibitor with IDS Vancouver 2022. The full IDS Vancouver 2022 Exhibitor Kit can be found [HERE](#); the Kit will provide you with essential details regarding order forms & deadlines, booth display regulations, health & safety rules, marketing opportunities and much more. Please review the Exhibitor Kit thoroughly with your team in advance of the show; this website is your best tool when planning your company's participation in IDS Vancouver.

Unauthorized Suppliers

Please be aware of unauthorized suppliers claiming to be partnering with IDS Vancouver 2022. There have been companies who approach exhibitors attempting to sell products or services they may not be able to deliver. Be on the lookout for the following warning signs:

- Contact emails are not personalized and may not refer to the show. All employees of IDS Vancouver have an @informa.com email address. A list of the IDS Vancouver team can be found [HERE](#).
- Contact emails that do not have a signature or a phone number to contact.
- A company requesting full payment in advance of providing the service.
- Be aware of fraudulent offers to buy attendee data lists. We do not sell or release data and have strict policies around the protection of data at Informa. These scammers do not have any relationship with IDS or Informa and they do NOT have the data they are attempting to sell.

If you receive any communications that seem suspicious, please contact Megan Mitchell-Downey, Lead Operations Coordinator, at Megan.Mitchell-Downey@informa.com. IDS Vancouver and Informa Canada take this type of unauthorized solicitation very seriously.

More information about our Official Suppliers can be found [HERE](#).

Exhibitor Directory

IDS Vancouver has launched a new and improved Exhibitor Profile Manager for IDS

Vancouver 2022.

A unique login has been created for you to edit your individual exhibitor listing, including your company's website, contact information, social media handles and photos. **You will receive an automated email next week with your login information.**

Our web analytics show that the Exhibitor Listing is the most visited section of our website, so this is a great opportunity for you to showcase your brand in front of thousands of consumers, trade and media.

Upon logging in, you will be routed to the Exhibitor Profile Manager, and presented with the option to edit your profile (at the top of the page). Once you have updated your profile, the IDS team will review and publish the updated version. This process can take up to 5 business days. We recommend setting up your profile as early as possible. In the meanwhile, your company will be listed by name only.

Online Exhibitor Orientation

Mark your calendars: we will be hosting a Virtual Exhibitor Orientation on Wednesday, July 27. This orientation will walk exhibitors through move-in & move out, programming highlights, marketing plans, the digital press kit, booth design considerations and much more. Details will be sent in the next Exhibitor Essentials email.

Floor Port Map

Electrical and telecommunications are supplied via floor ports located every 30' on centre, north-south and east-west. Floor ports are indicated on the floor plan as a small open square symbol on the floor plan. There must be a pathway from the floor port into the interior of your booth if you are ordering electrical services; this should be a consideration when designing and building walls and/or flooring.
