Upcoming Service Order Deadlines

With IDS Vancouver only weeks away, we STRONGLY recommend that all exhibitors place their service orders as soon as possible. The pre-show order deadline for the services listed below is **Tuesday, September 13**; after that time the VCC Exhibitor Order Portal will be closed to advance orders. Any service orders placed onsite will be subject to significantly higher fees, limited options and delayed installation. If your booth requires electrical, lighting, rigging or any of the services listed below, **now is the time to place your orders!**

Please note: if you have a floor port within the footprint of your booth, you are still required to order electrical services in order to access power from that port.

The Tuesday, September 13 pre-show service order deadline applies to the following services:

- [Cleaning Order Form](#)
- [Water/Plumbing Order Form](#)
- [Phone/Internet Order Form](#)
- [Suspended Installations Order Form](#)
