Wireless Internet

The Vancouver Convention Centre Wi-Fi standards support 802.11 g/ah on the 5 GHz band. Ensure your device is compatible. The service starts for the time of activation by entering the provided access code into the internet portal and runs consecutively. All services are sold on a per booth or per exhibitor basis. Services listed below provide speeds up to 30Mbps. Private wireless networks for higher bandwidth application may be ordered by contacting the [Exhibit Services department](mailto:ExhibitServices@vancouverconventioncentre.com) (mailto:ExhibitServices@vancouverconventioncentre.com). Customer provided wireless routers, wired routers, switches, hubs or access points are not permitted anywhere within the Vancouver Convention Centre. Credit will not be given for orders installed but not used or orders cancelled within 48 hours of (add) exhibitor move in.

WiFi Access for 1 Day (24 hours)
